* Funding information as reported to the Financial Tracking Service (FTS). This may not accurately represent all funds actually attributed to each sector or country of the RMRP response, as unarmarked funds from donors may not be reported to FTS with a sector or country designation at the time of receipt by RMRP partners. More information about the RMRP 2022 funding [here](#).

** This includes RMRP appealing partners that are also implementing activities, as well as implementing partners that are not appealing partners. For this reason, it is recommended to quote partner figures separately and not sum the number of partners, as this would double-count implementing partners that are also reporting activities.
